Supporting Background Information:

In the wake of a lengthy and contentious special exception hearing last year, the Board of Appeals has identified multiple housekeeping and more substantial text amendments that would enable the Board to review special exception, variance and administrative review petitions with more precision. The Board met over several work sessions to identify and propose revisions, predominantly to Chapter 24. Additionally, a text amendment is proposed to Chapter 16.

A memorandum which details this revision is attached, along with the draft ordinance.
